All these products, which are leveraged derivative products, may not be appropriate for all investors. The effect of leverage is that both gains and losses are magnified. The prices of leveraged derivative products may change to your disadvantage very quickly, you can lose more than your invested capital, and you may be required to make further payments. Before deciding to invest in any financial product, you should carefully consider your investment objectives, trading knowledge and experience, and affordability. You should only trade in Forex and CFDs if you have sufficient knowledge and experience of the risky nature of the products, the risks involved in trading such products, and if you are dealing with money that you can afford to lose. Any such adjustments will be effective as of a date reasonably determined by us.

- f) Where the Client is the Long Party for a Share CFD in relation to a US stock or security, and the Share CFD goes ex-dividend, Moonance is required by US tax legislation to withhold 30% of the cash adjustment to reflect the impact of the declared dividend. - d) Deposits or Margin Calls deposited by the Client will not fall due for repayment until the Client's obligations under this Agreement and under or in respect of any other account between Moonance and the Client are satisfied in full. Moonance will determine the Close-Out Values for each affected Order in its sole discretion. The final amount to be paid by one of the parties will be the difference between the payment obligations of the parties.

#### **11. NEGATIVE BALANCE PROTECTION**

The trading systems of Moonance are designed with safeguards to protect clients from encountering negative balances when trading under normal market conditions.

All clients are provided with margin monitoring functionality. This functionality monitors the level of collateral should it drop below 100% of the required margin. If it drops below 100%, the margin call mode will be triggered and maintained until the level of 50%. Should the margin level equal to, or drop below 50%, Moonance will initiate the closing of current open positions, starting from the most unprofitable considering trading hours of instruments traded by the client. Positions will be closed automatically at the current market price. The clients can set personal limits for risk management purposes. Should a client incur a negative balance due to a “market gap”, the client should inform the Moonance support team. Moonance will evaluate the inquiry and at its discretion, may credit the client's account with the amount of the negative balance where the debit was during normal trading activity. This policy is available to Private Clients<sup>1</sup> only.

**Clients are expected to always maintain the appropriate levels of margin in the trading account as the recommended method of risk management.**

NOTE: The provisions of this policy shall not apply to:

- a) Force Majeure Event understood as an act of God, war, terrorism, malicious damage, civil commotion, industrial acts, any exceptional market events, or acts and regulations of any governmental or supranational bodies or authorities which in the company’s opinion prevent an orderly market in relation to Client’s orders;
- b) in abnormal market conditions or exceptional market movements/volatility. where the company determines, in its sole and absolute discretion, that the negative balance is unrelated to the client’s trading activity (for example, where the debit relates to any fee or charges of the company);
- c) where the negative balance is connected to or a result of, either direct or indirect, breach of any provision by the client of the Client Agreement of the company or from the breach of the market rules, including but not limited to the laws of the client’s country of origin, client’s country of residence or any country.

Negative balance accounts – Moonance is entitled to combine the balances of any other accounts you hold with us, including any Joint Accounts to affect any set-off of amounts owing between you and Moonance, pursuant to our terms and conditions or otherwise, in each case in order to reduce or remove the relevant negative balance before effecting the negative balance protection provisions set out in this clause.

- d) Moonance will not be liable under any circumstances for any direct, indirect or consequential loss (including any loss of profits) incurred by the Client as a result of any acts or omissions by a Third-Party.

### 13. COPY TRADING

This paragraph sets out the specific terms that shall apply to the Client (in this Section, hereafter referred to as 'You' or the "Follower") when using the Copy Trading functionality of the Company.

- When using the Copy Trading Services, the Client agrees to use our Portfolio Management Services.
- The Company provides the Client with the capacity to interact, follow and copy other traders and strategies by using the information of your Partner (in this Section hereafter referred to as "the Master" or "the Partner" or "Trader" ). The information will include detailed account information, trading histories, risk profiles, and other information in relation to traders and/or strategies that may be useful to the Client when deciding whether to copy a Trader and/or strategy.
- Copy Trading is a trading functionality which allows you to copy the account of other traders. You do this by copying a specific Moonance trader account. By placing a Copy Order, you authorise the Company to automatically adjust your account to the account of the trader selected for copy without any prior approval. This will be done on a pro rata basis with the same products and the same trading instructions. For example, you may start copy trading, stop copy trading at any time you wish.
- The Copy Trading Service allows the Client to copy trades on the Company's platform in one way: Copy a Partner, where you can choose to copy the orders in an account of your Partner.
- The Copy Trading Services may result in trades in a number of financial instruments. Each trade opened on the Client's behalf as part as the Copy Trading will usually be classified under the same asset class as classified in the copied account.
- If you are restricted from trading a certain asset class due to Applicable Law or other

regulatory requirements, then the Company will take reasonable steps, where permitted by Applicable Law, to ensure that an equivalent or similar trade is opened to replace the restricted trade.

- **Limitations:** The Company does not provide personalised investment recommendations, investment advice, tax related advice or other financial related advice of any kind. Any explanation or information which the Company gives to you as part of a copy trade, or about the performance of the copy trade is not intended to be and should not be considered as advice. This information is provided by the Company solely for informational purposes.
- You should use any information gathered from our website as a starting point for your own independent research and investment decision making. However, you should not make investment decisions based on information provided on the Company's platform.
- The Company will take reasonable steps to monitor the performance of any copied trader, as well as the performance of the different trading strategies and portfolios. We reserve the right to pause, stop, or block:
  - a. any Partner of the Company from being copied;
  - b. any Client /Follower from copying a Partner.
- **Risks:** In making a decision to copy a specific Partner and/or strategy, you should consider your financial situation, including your financial commitments. You should understand that Copy Trading is highly speculative and that you could sustain significant losses exceeding the amount used to copy a Partner as a result of the following:
  - a. it will involve automated trading execution whereby trades are opened and closed in your account without your manual intervention, unless the Client uses Copy Trading Services without performance fees.
  - b. Copied trades in amounts lower than the minimum trade will not be opened.
  - c. You will only copy newly opened trades from the point the Copy Trading has been activated for you. Older trades will not be copied.
  - d. The Copy Trader functionality may generate a materially different result than the trader that you copied. This is due to a number of different factors including starting account balance, minimum trade size, the investor's account settings, differences in spread, interest and investment price at time of investment, and also the difference in fees that may incurred.
  - e. Following/copying the trading decisions of inexperienced and/or unprofessional traders; and/or f. Following/copying traders whose ultimate purpose or intention, or financial status may differ from yours.
- The Company is unable to provide any guarantee as to the performance of any particular investment, account, portfolio or strategy.
- Past performance, risk scores, statistics and any other information with respect to Moonance Traders under our Copy Trader functionality, are not reliable indicators of future performance. The Company does not represent or guarantee that you will achieve profits or losses like those shown on the Moonance trader or portfolio that you are copying. The Company also does not represent or guarantee that the risk score of a trader will accurately reflect the risk of their future performances.
- **Conflicts of interest:** The Company is required to act in your best interest when providing our services. However, there may be instances where your interest conflicts with our interests, or with another client's interest. For example, with respect to copy trading, we may compensate the most followed Moonance Traders who you and/or others have

- elected to follow and/or copy.
- **Placing an Order:** Before you enter into the Copy Trade, you will need to deposit the amount of money you would like to invest in that copy trade and choose how you would like to copy. The Company will then automatically execute orders for you in the proportion or percentage you have chosen which means the Company will not obtain your confirmation before executing. The opening of such transactions shall not require any prior consultation, consent or approval. Trades below the minimum trade amount shall not be opened.
  - **Copy Trading Restrictions:** There are a number of order restrictions when Copy Trading, the Restrictions are often inherent to the system functionalities or for regulatory purposes. The Company shall not be held responsible nor liable for such restrictions and the resulting consequences. The Restrictions are the following:
    - a. There may be rare cases where the connection of the system fails to copy the trade from Master to Follower accounts. In this event, the Company shall not be held responsible nor liable for the trade not copied. The Client acknowledges that the connection or system failure may affect all or part of the trades, the opening or closing time or the execution in any other way. The Company shall inform the Client to contact the Company immediately, and the Company shall conduct its best effort to rectify the situation.
    - b. The Master and Follower must both have the same account type, be on the same server and be under the same entity.
    - c. The minimum and maximum amount that can be invested in any Moonance trader that you copy, the minimum amount on any single copy trade, and the maximum number of traders that you can copy.
    - d. The system can only open the minimal size of trades for the given symbol (i.e. for forex cannot open less than 0.01)
    - e. The system will round to the closest size it can (i.e. if the equity of copier is 50% and the Master opened 0.03, the system cannot open 0.015, but will round the trade size to 0.01).
    - f. If the Follower account (the copier) does not have enough 'free margin' to open the proportion, then the system will reject the deal.
    - g. The Follower account may execute at a different price to the Master, depending on market volatility between the time the Master places a trade and the system copies the trade.
  - When you are using our Copy Trading Services, you can choose to copy only new trades which are opened after you begin to copy the Trader's account. This means that the Company will not copy any trades in the Trader's account which were entered into before this point.
  - If you are copying only new trades:
    - a. The Company will attempt to open your positions at the same time as the trades being copied, we will open your position at the best available price at the time of copying; and
    - b. all instructions and actions related to the copied trade will automatically be replicated in your account (subject to the trade size as explained above), including stop losses, take profits and the closing of trades. For example, if a trader that you are copying extends their stop loss by adding more funds to their account then your stop loss will be adjusted automatically to reflect this. However, your position amount will remain the

same as its initial amount.

- The Copy Trading Services has a number of other functionalities that the Company may make available to the Client from time to time. However, we may add, remove, or change the availability and features of these functionalities, at our discretion. This may impact how you can use the Copy Trading Services on our platform, for example whether you can copy all trades or only new trades of a trader.
- If the Client follows a Performance Fee structure, the Client acknowledges that the account will be placed on 'read only' from the date the Client starts copying. A read-only account will prevent the Client from accessing certain features of his/her Trading Account, including but not limited to placing / closing orders, withdrawing funds, during the copy time and until the Client presses the 'Stop button' via his/her personal dashboard, then the read only status shall be removed. The Client understands and acknowledges that any outstanding performance fees will be deducted from his /her balance before the read only status is removed.
- **Stop Copy Trading:**
  - a. For Copy Trading Service with Performance fees, the Client may Stop Copy Trading at any time, by pressing the "Stop Button" from the relevant section of his/her personal dashboard. The Client acknowledges that it may take up to two (2) business days for the termination of the Service to be effective. The open positions shall then be automatically closed within one (1) business day during the Market Opening Period, and the Client shall recover the Full Access to his/her Trading Account.
  - b. For Copy Trading Service without Performance Fees, the Client may Stop Copy Trading at any time, by pressing the "Stop Button" from the relevant section of his/her personal dashboard. The Client acknowledges that it may take up to two (2) working days for the termination of the Service to be effective. Considering that the Client maintains at all times Full Access to his/her Trading Account, the Client shall be solely responsible to manage his/her account and, at his/her sole discretion, close or maintain the said positions, in accordance, in particular, with paragraph 14.7.2 and 14.10 herein.
  
- **Fees & Costs:** When you place a copy trade, the Company will charge you fees on the same basis as those charged to you if you were trading the account yourself. Please refer to the Schedule which applies to the underlying product that you are copying for more information on the fees and costs associated with that copy trade. 14.9.2 Please also refer to clause 19 of the General Terms and Conditions for more information on our fees and costs.
- **Liability:** Subject to Applicable Law, neither the Company nor any affiliates or associate third parties will be liable for any losses arising from:
  - a. actions taken by us in order to carry out your written or spoken instructions.
  
  - b. decisions or actions taken by a Moonance trader that you have chosen to copy and/or
  - c. specific investment decisions or actions taken or omitted in good faith by any copied account strategy.

- **Termination:** At all times, the Company reserves the right to stop the Partner/Master from offering Copy Trading to his/her Clients/Followers, at its sole discretion, if the Company identifies or reasonably suspects any breaches, violations, wrongdoing, deception, fraud or other forms of abuse or fraudulent behaviour in the Partner's trading activity. In this event:
  - a. If the Partner was offering Copy Trading without a Performance Fee
    - I. The Company shall inform the Followers via email to his/her registered email address or otherwise, that the Provider is no longer providing Copy Trading Strategy.
    - II. The Company shall Inform the Partner that he/she has been stopped from providing Copy Trading and the Partner shall be disabled from enabling his/her Account(s) to provide Copy Trading.
    - III. All open positions on the Followers' trading account copying the said Partner, shall remain open. Then, going forward, the Client shall be solely responsible to manage his/her account and, at his/her sole discretion, close or maintain the said positions.

    - IV. Any performance fee due shall be calculated by the Company and the amount shall be deducted from the Follower Account and paid to the Partner Account.
    - V. The Client/ Follower account shall be restored In Full Access.
- At all times, the Company reserves the right to stop a Client/Follower from copying a Partner and using the Company's Copy Trading Service, at its sole discretion, if the Company identifies or reasonably suspects any breaches, violations, wrongdoing, deception, fraud or other forms of abuse or fraudulent behavior in the Client's trading activity as per the terms set out herein.
